CODE		FACILITY CODE					
11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS							
<input checked="" type="checkbox"/> The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offer <input checked="" type="checkbox"/> is extended, <input type="checkbox"/> is not extended. Offer must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.							
12. ACCOUNTING AND APPROPRIATION DATA (If required)							
13. THIS ITEM APPLIES ONLY TO MODIFICATIONS OF CONTRACTS/ORDERS. IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.							
A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.							
B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation date, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(B).							
C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:							
D. OTHER (Specify type of modification and authority)							
E. IMPORTANT: Contractor <input type="checkbox"/> is not, <input type="checkbox"/> is required to sign this document and return _____ copies to the issuing office.							
14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.) See Attached							
Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.							
15A. NAME AND TITLE OF SIGNER (Type or print)				16A. NAME AND TITLE OF CONTRACTING OFFICER (Type or print)			
				TEL: _____ EMAIL: _____

SECTION SF 30 BLOCK 14 CONTINUATION PAGE

The following items are applicable to this modification:SEE ATTACHED

Reference Solicitation Number W91248-04-R-0001, Task Order Contracting, the following changes are made:

- a. Bid opening date and time is changed to read: 14 April 2004, 2:00 PM Central Time.
- b. Wage decisions KY030025 and KY030005 are hereby replaced with updated wage decisions KY030025 and KY030005, dated 03/05/2004.
- c. A preproposal conference was held on 23 March 2004; attached is a listing of all attendees.
- d. The following are questions/answers pertaining to this solicitation.

(1). Question. Since this contract mentions that the contractor must survey problems and design solutions, and since it mentions that the design/build approach will be used on occasions, are all offerors required to list the design firm that they will be subcontracting to for design work?

Answer. See Section L, Instructions to Offerors, Paragraph L.6.2., sub-paragraph (1) Management, which states offeror must show procedures for selecting, coordinating with, and managing work of subcontractors. If subcontractors are to be an integrated part of your team, necessary information should be provided on those subcontractors.

(2) Question. If the answer to question 1 is affirmative, are all offerors required to submit a Standard Form 254 for their designated design firm?

Answer. No

(3) Question. Since there is no specific example design project for the design/build team to submit example proposals for, are all offerors required to submit a Standard Form 255 for their designated design firm (or can this be omitted)?

Answer. No Standard Form 255 is required.

(4) Question. How will the design team be evaluated in the contractor's proposal? Are they a primary or even a secondary evaluation criteria? What are the important design capabilities/attributes of the design firm?

Answer. All subcontractors that provide letters of intent will be evaluated the same as prime contractors as it pertains to Management, Experience, and Past Performance.

(5) Question. DID 001, Paragraph 2. Cost Proposal, last sentence states "The cost for preparing cost proposals to include site visit is an overhead expense and will not be separately reimbursed." Paragraph 3. Site Investigation Survey Report, states "Prior to performing a site investigation (survey), the Contractor shall submit a final cost proposal for this effort prepared in accordance with Attachment 1 of this DID. This cost proposal shall define all coordination, preparation, materials, labor, travel, per diem, etc. necessary in preparing a site investigation (survey). DID 004, Paragraph 1. Cost. States " Following approval of the final cost proposal (DID 001) for the site investigation survey report, the contractor shall perform a site survey.

Is it the Government's intent that each contractor submit a cost proposal for every site investigation and receive approval prior to conducting the site survey? Will the Government issue multiple task order notices

to proceed to obtain competition, or will the lower priced site survey costs be the only entity developing a work plan? Please clarify.

Answer. Separate reimbursement will not be made to potential offerors for site investigations. Site investigation costs shall be included in the cost for the project. It is not our intent to make separate awards for site investigations. In the event a design-build project is received and awarded, separate notices to proceed may be issued for various phases of the work (i.e. design and then construction phase).

(6). Question. Section C.1.4 (Page 6-8 of the solicitation) Minimum Qualifications & Types of Positions within Professional/Technical Levels – Specifically Professional Level 4, Program Managers.

The solicitation states: “Should have a recognized four year college degree from a fully accredited college in engineering or related technical field or business / management.....”

There are numerous well-qualified professional personnel with many years of experience but no college degree. Other similar IDIQ contracts have personnel requirements that accept specific established experience, licenses, and certifications in lieu of accredited degrees.

Will this solicitation allow for experience / education equivalents?

Will this solicitation allow experience to offset education degrees?

Would you allow non-degreed professionals who have substantial more experience than a degreed professional to qualify?

Answer. The requirements are as stated in paragraph C.1.4, no change will be made to this requirement.

(7). Question. Section L.5 Proposal Submission (page 59 of the solicitation) list the number of copies required for submission.

The solicitation states: Part 1 “Two (2) Copies”
Part 2 “Six (6) Copies”
Part 3 “Four (4) Copies”

Is this the total number required? Or are an original and the above named “copies” required? (Part 1 - 3 total, Part 2 – 7 total, Part 3 – 5 total)

Answer. Two copies, six copies and four copies are required, respectively.

(8). Question. Reference Attachment A. Could this sample task order become an actual job?

Answer. Yes

(9). Question. Reference Section G, Paragraph 1 Payment:

What recourse is available to contractors if the government fails to comply with the Prompt Payment Clause of the contract?

Will the government identify task order to be paid by credit card prior to submission of bids?

In general, will payments be made by electronic deposit or by paper checks?

Answer. The contractor may submit a claim to the Government for delinquent payments. Yes, the Government will identify payment terms at time of scoping. All payments are required to be electronic.

(10). Question. Reference Clause 52.225-9, Buy American Act – Construction: Are materials and equipment manufactured in countries which have free trade agreements with the United States in compliance with the Buy American Act.

Answer. Yes.

(11). Question. Reference Clause 52.216-19, Minimum Order, Paragraph a states that a minimum guarantee of \$200,000.00 between no more than 5 offerors will be made. Section B, Paragraph 6 states that the guaranteed minimum will be \$300,000.00 divided equally among the successful offerors. Please clarify as pertains to the following:

- a. Guaranteed minimum
- b. Number of anticipated awards
- c. Guaranteed Maximum of \$30,000,000.00 for the life of the contract. Is the life of the contract the base year?

Answer. The correct amount of the guaranteed minimum is \$300,000.00. The guaranteed maximum of the contract (base and option periods) is \$30,000,000.00; therefore, the Government shall not exceed \$30,000,000.00 under the entire contract period.

(12). Question. During the “scoping” of the sample task order, the following comments were made.

It was pointed out that the sample task order involved work in two states; therefore, two wage determinations apply. Building 6801 was located in TN and the remainders of the buildings were in KY.

Answer. Applicable wage determinations are established at the time of scopings.

(13). Question. Can estimates be provided of the percentages of the various types of work performed?

Answer. A percentage is not available; however, the majority of the work that has previously been performed under TOC includes renovation/repair and mechanical work. A minimal amount of design work has been required.

(14). Question. Are submissions of 254/255s required at time of proposal?

Answer: No.

(15). Question. Section L.6.2 (3), Submission of Offer to Sample Task Order

This section is included within Part II, Quality and is limited to 75 pages total. This information, with back up for the submittals, along with Management and Experience, will require more than 75 pages. Request the Government exclude the Sample Task Order from the page limit.

Answer. Page limitation can be increased to 150 pages.

(16). Question. Section L.6.3. Under this section, it states “It is recommended offerors send their private sector references a letter authorizing them to provide past performance information to the Government.”

Does the Government desire the offeror to send the past performance reports to Government Parties, or is it the Government’s intent to contact the points of contact and obtain the information themselves?

Answer. Send these letters only to private sector organizations.

(17). Question. Are we to submit page 6 of Attachment A only or are we to submit page 69 of 160 (Cost Format) or just list the remediation cost?

Answer. Offeror shall utilize all necessary documents within the solicitation to submit their proposal and respond to the submission for sample task order.

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29 CFR 5.5(a)(1)(ii)).

In the listing above, the "SU" designation means that rates listed under that identifier do not reflect collectively bargained wage and fringe benefit rates. Other designations indicate unions whose rates have been determined to be prevailing.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U. S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D. C. 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D. C. 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U. S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D. C. 20210

4.) All decisions by the Administrative Review Board are final.

=====

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

=====

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29 CFR 5.5(a)(1)(v)).

=====

In the listing above, the "SU" designation means that rates listed under that identifier do not reflect collectively bargained wage and fringe benefit rates. Other designations indicate unions whose rates have been determined to be prevailing.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U. S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D. C. 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D. C. 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U. S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D. C. 20210

4.) All decisions by the Administrative Review Board are final.

END OF GENERAL DECISION
